

## REMARKS

### **Explanation of Amendment**

By the foregoing, the Applicants have amended the elected claims to more clearly define the full scope of the desired subject matter. Support for the addition of such language can be found throughout the specification as originally filed (See, for example, page 33, lines 7-18; and page 36, lines 21-30). The applicants do not intend by these or any other amendments to abandon the subject matter of any claim as originally filed, and reserve the right to pursue such subject matter in this application or related applications, including but not limited to parent applications and continuing applications.

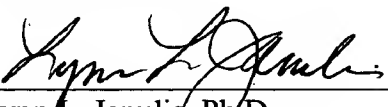

## CONCLUSION

In view of the amendment and remarks made herein, the Applicants believe that claims 5-6 and 10-12 are in condition for allowance and request notification of the same.

Respectfully submitted,
